

Every Stroke of This Engine Saves You Money

\$3500
With Complete
Equipment.

THE 1910 THOMAS FLYER

Astonishing Price Great Improvement Great Power
Unrivalled Performance

Especially Designed and Constructed to Eclipse Competition and Win Absolute Leadership

Experts, Chauffeurs and Automobilists Are Cordially Invited to Investigate the New Candidate for Public Favor.

Six "Long Stroke" Vibrationless Cylinders, Rated at 40 H.P.
(4 1/4 in. x 5 1/2 in.) Develop 60 Horsepower on the Brake

Price \$3500.00, including superb equipment of silk mohair top, folding glass front, extra ignition system with self starter, Hartford shock absorbers, speedometer, Prest-O-Lite tank, side dust aprons and pan, hand rail, two head lights, rear light, side lights, horn, etc., which lists at nearly \$500.00.

This makes the car cost but about \$3000.00 as cars are usually sold.

Positively No American Car in the 40 to 50 H. P. Class Can Equal Its Splendid Performance, Because

It is the only American car in its class that is equipped with the new extra silent, foreign motor design, which develops such vastly increased power at same piston speed, viz., long stroke cylinders with very large smoothed gas passages and manifolds, also water jacketed valve stems—the design that has revolutionized motor construction abroad by winning all the 4" motor contests, the Grand Prix race, etc., etc.—and that is also equipped with six cylinders and also has the largest reverse power.

The Following Facts Are Convincing, But a Demonstration Is Proof.

The "M" six-cylinder motor develops 50 H. P. at 1090 R. P. M. and 60 H. P. at 1400 R. P. M., which is 14 per cent more power than A. L. A. M. rating, which is standard.

Many cars run fast enough, but only cars of highest quality can run slow enough on high gear.

Model M will run smoothly as slow as three miles per hour, slower than a man walks, loaded with passengers, amidst the crowded traffic of city streets, on high gear without changing. It is safer, easier, and a new and most delightful experience and a performance unrivaled. The surest proof of great reserve power, six-cylinder flexibility and highest motor efficiency.

When desired, Model M will run slowly on high gear on bad roads and hills that most cars are compelled to run on lower gear or at break-neck and uncomfortable speed to accomplish on high—another strong proof of great reserve power, six-cylinder superiority and high motor efficiency.

The same car, loaded with passengers, can run 60 miles per hour on country roads—another proof of great reserve power and high motor efficiency.

Model M develops a speed of 20 miles per hour at only 560 R. P. M.; 30 miles per hour at 840 R. P. M.; 40 miles per hour at 1120 R. P. M., etc., etc. At the same speed, short-stroke motors of same bore require 37 per cent more revolutions; 37 per cent more jar on bearings; 37 per cent more vibration; 37 per cent more wear; 37 per cent shorter life; 37 per cent more noise of exhaust and valves; more oil, etc.—another proof of increased motor efficiency, and proof that there is less vibration, greater silence, smoother running, easier hill climbing and far greater flexibility in the six-cylinder "Long Stroke" motor design.

All the Latest Foreign Models of Most Popular Make Include 6-Cylinders "Long Stroke" Motors.

Model M includes all well-tried improvements

A PRETTY ENTERTAINMENT

A pleasant event of Thursday night was the reception tendered at the residence of Colonel G. B. Squires of No.

1263 South Twelfth East street to members of the local Grand Army posts, the Daughters of Veterans, Sons of Veterans and invited guests, about 200 being in attendance. The spacious lawn was handsomely decorated for the occasion, electric lights being strung among the trees, which, with the gorgeous autumn foliage, made a beautiful appearance. Autumn foliage also was used in the decoration of the residence.

This might be the best day of the whole year to buy it—look over the ads and see.

What's What in Sports All the Time

KANSAS CITY BIKE RACE COSTLY TO JOHN CHAPMAN, SAY LOCAL RIDERS

Bringing back with them the story of one of the hardest grinds in their bike riding experience, Tommy Morgan and Alfred Crebs returned yesterday from Kansas City, where they took part in Johnny Chapman's six-day race. Morgan finished fifth and Crebs eighth.

"Chapman is a gamster," said Morgan. "The race was a farce so far as drawing crowds was concerned and Kansas City certainly is a dead end in the bike game. Chapman went in the hole \$2,000, but he paid up all the purses without a kick. We all made expenses, but that is about all."

The sprint race held Saturday night drew one of the hardest grinds in their bike riding experience. "DeMara rode a great race and was favored with no punctures and no spills. Both Crebs and I had hard luck in the last of shape he was forced to quit. Schnell stood over in Denver where he has a position with the Associated Press. Crebs said that Morgan had third place conceded, but punctured with two hours to go and dropped back to fifth. DeMara will ride with Lawson in the New York six-day race.

HERALD-REPUBLICAN FORM CHART

Salt Lake, Thursday, Sept. 30.—Eleventh day. Weather clear; track fast. P. P. Pomeroy, presiding judge; Richard Dwyer, starter.

5286 FIRST RACE—Five furlongs, selling, 3-year-olds and upward. Value to first, \$150.

| Ind. | Horse | Wt. | S. | 4 | 1/2 | 3/4 | Str. | Fin. | Jockey | Op. | Cl. |
